Name of Offeror or Contractor:

SECTION A - SUPPLEMENTAL INFORMATION

EXECUTIVE SUMMARY

NOTICE: This acquisition is restricted to U.S. and Canada and shall be acquired via competitive, best value procedures. TECHNICAL DATA PACKAGE IS CLASSIFIED AS "DISTRIBUTION D" LIMITED DISTRIBUTION. Distribution Statement D means that the TDP cannot be distributed via the internet. This TDP contains data whose export is restricted by the Arms Export Control Act, (Title 22, U.S.C., SEC 2751 ET SEQ) or the Export Administration Act of 1979, as amended titled, 50 U.S. C. APP 2240 ET SEQ. Violations of these export laws are subject to severe criminal penalties. Disseminate IAW provision of DOD Directive 5230.25. Offerors must be registered with the US/Canada Joint Certification Office to obtain a copy of the TDP (see www.dlis.dla.mil/jcp/ for instructions and information). After receipt of required certification request copy of CD-ROM via e-mail to thompson@osc.army.mil, request MUST include Company Name, Address, Phone, Cage Code/JCP Code and point of contact.

1. The U. S. Army, Joint Munitions Command requests your proposal for the 76mm Projectile Body. The 76mm Projectile Body is a component of the Variable Time-Non Frag MK202-0 and 76mm Blind, Loaded and Plugged MK201-1. This round was procured in May 2000 under US/Canada best value competition with CCC/IMT winning the award.
2. Since this acquisition is restricted to U.S. and Canada, offerors are cautioned that the requirement MUST be manufactured in the U.S. or Canada to include forging and heat treat.
3. This solicitation will result in a FIRM FIXED PRICE contract. First Article will be required and delivery will be FOB Destination.
4. All offerors are cautioned to pay specific attention to Section L, "Instructions for Proposal Preparation". Offerors should read Section M, in its entirety. This acquisition will be awarded based on evaluation of the offeror's proposal using the areas, factors and subfactors listed in Section M of this Request for Proposal (RFP). This acquisition will be awarded based on an evaluation of the Manufacturing Plan, Past Performance, Price and Small Business Utilization. Award will be made to the offeror whose proposal is determined to offer the best value to the Government based on the cited criteria; therefore, award may be made to other than the low offeror. Included in the evaluation shall be assessment of the inherent risks associated with each area.

Offerors should also take special notice of the provision at Federal Acquisition Regulation (FAR) 52.215-1, Instruction to Offerors-Competitive Acquisition". The Government intends to award a contract resulting from this solicitation WITHOUT discussions with offerors (except clarification described in FAR 15.306(a)). INITIAL PROPOSALS shall contain the offeror's BEST TERMS FROM PRICE, DELIVERY AND TECHNICAL STANDPOINT. The Government reserves the right to conduct discussions if determined necessary by the Procuring Contracting Officer.

Offerors are responsible for including sufficient details to permit a complete and accurate evaluation of the proposal. The Government will not make assumptions concerning an offeror's intent, capabilities, facilities or experience. Clear identification is the SOLE responsibility of the offeror.

Offerors are cautioned to ensure that their proposals are complete, including all fill-ins and blanks in the solicitation. This also includes Small Business Subcontracting Plans and written approval from the cognizant Contracting Officer for use of Government Facilities and Equipment.

Offerors are directed to the provision in Section L regarding Central Contractor Registration (CCR). Failure to register in the CCR will preclude an offeror from receiving an award under this solicitation.

This Executive Summary is provided as an administrative convenience and is not intended to alter the terms and conditions of the solicitation in any way. Any inconsistencies between this executive summary and other solicitation provisions shall be resolved in favor of the other solicitation provisions.

A-3 52.222-1100 10 U.S.C. 4543 PILOT PROGRAM
OSC

FEB/2003

Congressional language in Section 141 of the 1998 Defense Authorization Act (10 U.S.C. 4543 Pilot Program) allows "not more than three Army industrial facilities" to sell manufactured articles and services in support of DoD weapon systems without regard to availability from domestic sources. The three Army industrial facilities in this program are McAlester Army Ammunition Plant, McAlester, OK, Rock Island Arsenal, Rock Island, IL, and Watervliet Arsenal, Watervliet, NY.

These facilities cannot submit offers as the prime contractor on this solicitation, but in accordance with the above-described pilot program can act as a subcontractor to potential prime contractors when the statutory requirements (10 U.S.C. 4543) are met.

If you are interested in obtaining information about their capabilities, please contact the following:

E-4	52.209-4512	FIRST ARTICLE TEST (CONTRACTOR TESTING)	MAY/1994
	OSC		
	FIRST ARTICLE TEST (CONTRACTOR TESTING)		
	52.209-4512 OSC	(MAY 1994)	

a. The first article shall consist of:

200 Projectile Bodies per Drawing 53711-5792500, Rev E.

which shall be examined and tested in accordance with contract requirements, the item specifications), Quality Assurance Provisions (QAPS) and all drawings listed in the Technical Data Package.

b. The first article shall be representative of items to be manufactured using the same processes and procedures and at the same facility as contract production. All parts and materials, including packaging and packing, shall be obtained from the same source of supply as will be used during regular production. All components, subassemblies, and assemblies in the first article sample shall have been produced by the Contractor (including subcontractors) using the technical data package provided by the Government.

Name of Offeror or Contractor:

c. The first article shall be inspected and tested by the contractor for all requirements of the drawing(s), the QAPs, and specifications) referenced thereon, except for:

(1) Inspections and tests contained in material specifications provided that the required inspection and tests have been performed previously and certificates of conformance are submitted with the First Article Test Report.

(2) Inspections and tests for Military Standard (MS) components and parts provided that inspection and tests have been performed previously and certifications for the components and parts are submitted with the First Article Test Report.

(3) Corrosion resistance tests over 10 days in length provided that a test specimen or sample representing the same process has successfully passed the same test within 30 days prior to processing the first article, and results of the tests are submitted with the First Article Test Report.

(4) Life cycle tests over 10 days in length provided that the same or similar items manufactured using the same processes have successfully passed the same test within 1 year prior to processing the first article and results of the tests are submitted with the First Article Test Report.

(5) Onetime qualification tests, which are defined as a onetime on the drawing(s), provided that the same or similar item manufactured using the same processes has successfully passed the tests, and results of the test are on file at the contractor's facility and certifications are submitted with the First Article Test Report.

d. The Contractor shall provide to the Contracting Officer at least 15 calendar days advance notice of the scheduled date for final inspection and test of the first article. Those inspections which are of a destructive nature shall be performed upon additional sample parts selected from the same lot(s) or batch(es) from which the first article was selected.

e. A First Article Test Report shall be compiled by the contractor documenting the results of all inspections and tests (including supplier's and Vendor's inspection records and certifications, when applicable). The First Article Test Report shall include actual inspection and test results to include all measurements, recorded test data, and certifications (if applicable) keyed to each drawing, specification and QAP requirement and identified by each individual QAP characteristic, drawing/specification characteristic and unlisted characteristic. The Government Quality Assurance Representative's (QAR) findings shall be documented on DD Form 1222, Request for and Results of Tests, and attached to the contractor's test report. Two copies of the First Article Test Report and the DD Form 1222 will be submitted through the Administrative Contracting Officer to the Contracting Officer with an additional information copy furnished to -

f. Notwithstanding the provisions for waiver of first article, an additional first article sample or portion thereof, may be ordered by the Contracting Officer in writing when (i) a major change is made to the technical data, (ii) whenever there is a lapse in production for a period in excess of 90 days, or (iii) Whenever a change occurs in place of performance, manufacturing process, material used, drawing, specification or source of supply. When conditions (i), (ii), or (iii) above occurs, the Contractor shall notify the Contracting Officer so that a determination can be made concerning the need for the additional first article sample or portion thereof, and instructions provided concerning the submission, inspection, and notification of results. Costs of the first article testing resulting from production process change, change in the place of performance, or material substitution shall be borne by the Contractor.

(End of Clause)

(ES6031)

E-5 52.245-4537 ACCEPTANCE INSPECTION EQUIPMENT (AIE)
QSC

FEB/2002

ACCEPTANCE INSPECTION EQUIPMENT (NAVY/AIR FORCE)
52.245-4537 OSC (FEBRUARY 2002)

a. Acquisition, maintenance, and disposition of Acceptance Inspection Equipment (AIE) shall be in accordance with ANSI/NCSL Z540-1 or ISO 10012-1. AIE shall be used to assure conformance of components and end items to contract requirements. AIE shall include all types of inspection, measuring, and test equipment whether Government furnished, contractor designed, or commercially acquired, along with the necessary specifications, and the procedures for their use.

b. The Contractor shall provide all Acceptance Inspection Equipment (AIE) necessary, except for the Government Furnished Equipment (GFE) listed in paragraph (g.8). The GFE shall be provided in accordance with the Government Property clause of this contract. The Contractor is responsible for contacting NSWC Corona at least 45 days in advance of the date the GFE is required to schedule delivery. Government furnished AIE shall not be used by the contractor or his subcontractor in lieu of in-process or work gages.

Name of Offeror or Contractor:

c. Contractor AIE designs, specifications, and procedures for Critical, Major, Special, and Minor characteristics shall be submitted to the Government for review and approval in accordance with the Contract Data Requirements List, DD Form 1423. All Contractor AIE documentation requiring Government approval shall contain sufficient information to permit evaluation of the AIE's ability to test, verify or measure the characteristic or parameter with the required accuracy and precision. Contractor designed AIE requiring Government approval shall be made either in accordance with the equipment drawings specified in section C of contract (Description/Specification Section), or in accordance with any other design documentation provided that it is approved by the Government. The Government will approve the AIE documentation or provide requirements for approval within 45 days of receipt. The Contractor shall be responsible for any delays resulting from late submission of AIE documentation to the Government for approval, and any delays resulting from the submission of inadequate or incomplete AIE documentation.

d. The contractor must ensure that all AIE is approved and available for use prior to First Article Submission, if First Article is required, or prior to initiation of production under this contract.

e. Resubmission of AIE design, specification, and procedure documentation for approval on a follow-on contract is not required provided inspection characteristic parameters specified in the current technical data package and the previously approved AIE documentation remain unchanged. The contractor shall provide the contract number and identify previously approved AIE documentation that meets the above prerequisites.

f. The Government reserves the right to disapprove at any time during the performance of this contract, use of any AIE not meeting the requirements of the approved design, specification, or procedure documentation.

g. Navy Special Interface Gage Requirements (NSIG)

1. The Navy Special Interface Gages listed under this clause will be forwarded to the Contractor for joint use by the Contract Administration Office (CAO) and the Contractor.

2. The Contractor may substitute contractor designed and built AIE for the NSIG noted as applicable in paragraph g.8. However, the designs require Government approval and the contractor AIE hardware requires Government certification. AIE designs shall be submitted in accordance with paragraph c. The contractor shall notify NSWC Corona prior to submission of AIE for certification. Two copies of each Government approved contractor AIE drawing shall accompany the contractor AIE hardware sent to the Government for certification. The Government shall perform the contractor AIE certification, return the hardware and provide notification of acceptance or rejection to the Contractor within 45 days of receipt of the contractor AIE. The contractor shall be responsible for any delays resulting from late submission of documentation or hardware. The Contractor shall also submit the calibration periods for each contractor AIE for approval. The Government shall affix Calibration stickers to the contractor AIE for Quality Assurance Representative (QAR) identification.

3. The NSIGs are provided for verification of selected interface dimensions and do not constitute sole acceptance criteria of production items or relieve the Contractor of meeting all drawing/specification requirements under the contract.

4. Items that fail to be accepted by the applicable NSIGS may be inspected by another means to determine acceptance or rejection, provided the alternate inspection method is acceptable to the government approval authority.

5. The Government shall not be responsible for discrepancies or delays in production items resulting through misuse, damage or excessive wear to the NSIGs.

6. Calibration and repair of the NSIGs shall only be performed as authorized by the Naval Surface Warfare Center (NSWC), Corona Division. Repair is at no cost to the Contractor unless repair is required due to damage to the gages resulting from Contractor fault or negligence. Damaged, worn, or otherwise unserviceable NSIGs shall be brought to the immediate attention of the CAO and NSWC Corona. The Contractor shall not make any adjustments, alterations or add permanent markings to NSIG hardware unless specified by the NSIG operating instructions or authorized by the Designated Technical Activity.

7. Within 45 days after final acceptance of all production items, the NSIGs shall be shipped to NSWC, Corona Division, ATTN: Receiving Officer, Bldg 575, Gage Laboratory, 1999 Fourth St., Norco, CA 92860-1915. The following specifications are applicable:

- (i) Shipping, MIL-STD-2073, "DOD Standard Practice for Military Packaging"
- (ii) Marking, MIL-STD-129, "Marking for Shipment and Storage".

8. The following NSIGs shall be provided and are mandatory for use except as noted by an (x) for paragraph (g.2) applicability.

(End of Clause)

(ES6032)

E-6	52.246-4506	STATISTICAL PROCESS CONTROL (SPC)	MAY/1994
	OSC		

a. In addition to the quality requirements of the technical data package, the Contractor shall implement Statistical Process Control (SPC) in accordance with a government accepted SPC Program Plan. Control chart techniques shall be in accordance with the American National Standards Institute (ANSI) Z1.1, Z1.2 and Z1.3. Alternate SPC charting methods may be proposed and submitted to the Government for review.

b. The SPC Program Plan developed by the contractor shall consist of a general plan and a detailed plan. The plans shall be structured as delineated on the Data Item Description referenced in the DD Form 1423. The general and the detailed plans shall be submitted to the government for review per DD Form 1423 requirements. Notification by the Government of acceptance or nonacceptance of the plans shall be provided in accordance with the timeframes specified on the DD Form 1423. Once a general plan for a facility has been approved by this Command, the approval remains in effect for subsequent contracts as long as the contractual requirements remain substantially unchanged from contract to contract. Therefore, resubmission of a previously accepted general SPC plan is not required if current SPC contract clause and Data Item Description (DID) requirements are fulfilled. If this Command has previously accepted the general SPC plan under essentially the same SPC contractual requirements, so indicate by providing the Contracting Officer with the following information:

Date of Acceptance _____
Contract Number(s) _____

c. The contractor is responsible for updating the general plan to current SPC contractual requirements. If errors or omissions are encountered in a previously accepted SPC general plan, opportunities for improvement will be identified by the Government, and corrective action shall be accomplished by the contractor.

d. A milestone schedule will be submitted for those facilities who do not have, or have never had, a fully implemented SPC program and will not have a fully operational SPC program once production is initiated. The milestones shall provide a time phased schedule of all efforts planned relative to implementation of an SPC program acceptable to the Government. A milestone schedule shall include implementation start and complete dates for those SPC subjects addressed in the Statistical Process Control Statement of Work located in Section C. The milestone schedule shall only include those actions that can not be accomplished prior to first article or the initiation of production, if a first article is not required. Milestones shall be developed for each commodity identified for SPC application. Milestones shall be submitted through the Government Quality Assurance Representative to the Contracting Officer for review and acceptance. Any deviations from the accepted milestones, to include justification for such deviations, shall be resubmitted through the same channels for review. The Government reserves the right to disapprove any changes to the previously accepted milestones. Notification by the Government of the acceptance or nonacceptance of the milestones shall be furnished to the Contractor by the Contracting Officer.

e. The Contractor shall review all process and operation parameters for possible application of SPC techniques. This review shall include processes and operations under the control of the prime contractor and those under the control of subcontractor or vendor facilities. A written justification shall be included in the detailed plan for each process and operation parameter that controls or influences characteristics identified as critical, special, or major which have been deemed impractical for the application of SPC techniques. A pamphlet on application of SPC for short production runs is available through the Contracting Officer.

f. Statistical evidence in the form of control charts shall be prepared and maintained for each process or operation parameter identified in the detailed plan. These charts shall identify all corrective actions taken on statistical signal. During production runs, control charts shall be maintained in such a manner to assure product is traceable to the control charts. At the conclusion of the production run, a collection of charts traceable to the product, shall be maintained for a minimum of 3 years. The control charts shall be provided to the Government for review at any time upon request.

g. When the process or operation parameter under control has demonstrated both stability and capability, the Contractor -1- request,

Name of Offeror or Contractor:

in writing, through Administrative Contracting Officer (ACO) and Contracting Officer (CO) channels to the Product Assurance and Test Directorate, that acceptance inspection or testing performed in accordance with contract requirements be reduced or eliminated. Upon approval by the CO, acceptance shall then be based upon the accepted SPC plan, procedures, practices and the control charts.

h. The Government will not consider requests for reduction or elimination of 100% acceptance inspection and testing of parameters or characteristics identified as critical in the technical data package, specifications or drawings of this contract if any one of the following conditions exist:

(1) The existing process currently utilizes a fully automated, cost effective, and sufficiently reliable method of 100% acceptance inspection or testing for an attribute-type critical parameter or characteristic.

(2) The Contractor utilizes attribute SPC control chart methods for the critical parameter or characteristic.

(3) The critical parameter or characteristic is a first order, single point safety failure mode (nonconformance of the critical parameter or characteristic in and of itself would cause a catastrophic failure).

i. The Government will only consider reduction or elimination of the 100% acceptance inspection or test requirement for other critical parameters or characteristics if either of the following conditions are met:

(1) The process is in a state of statistical control utilizing variable control chart methods for the critical parameter or characteristic under control and the process performance index (Cpk) is at least 2.0. The Contractor shall maintain objective quality evidence through periodic audits that the process performance index is being maintained for each production delivery.

(2) The critical parameter or characteristic is conclusively shown to be completely controlled by one or more process or operation parameters earlier in the process, and those parameters are in a state of statistical control utilizing variable data, and the product of the probability of the conformance for each earlier parameter associated to the critical characteristic is better than or equal to a value equivalent to that provided by a Cpk of at least 2.0. The Contractor shall maintain objective quality evidence through periodic audits that the process performance indexes are being maintained for each production delivery.

j. For characteristics other than critical, requests for reduction or elimination of acceptance inspection and testing shall be considered when the process performance index is greater than or equal to a Cpk of 1.33 for variables data. Requests shall be considered for attributes data when the percent beyond the specification limits is less than or equal to .003 (Cpk=1.33).

k. Process or operation parameters under reduced or eliminated inspection or testing that undergo a break in production less than 6 months in length, may continue to operate under reduced or eliminated inspection or testing provided there has been no degradation below a Cpk of 1.33 (2.0 for criticals). Any break in production greater than 6 months shall require resubmission of the request for reduction or elimination of inspection or testing through the same channels cited in paragraph g above.

l. Not used.

m. Immediately following a change to a process or operation parameter under reduced or eliminated inspection, the process capability (Cp) or process performance indexes (Cpk) shall be recalculated and documented for variable data; the grand average fraction defective shall be recalculated for attribute data. If any of these values have deteriorated, immediate notification shall be made to the Government along with the associated documentation. Return to original inspection and test requirements may be imposed as stipulated in paragraph n below.

n. The Government reserves the right to withdraw authorization to reduce or eliminate final acceptance inspection or testing and direct the Contractor to return to original contract inspection or test procedures at any indication of loss of process control or deterioration of quality.

(End of Clause)

(ES6034)

E-7	52.246-4528	REWORK AND REPAIR OF NONCONFORMING MATERIAL	MAY/1994
	OSC		

a. Rework and Repair are defined as follows:

(1) Rework - The reprocessing of nonconforming material to make it conform completely to the drawings, specifications or contract requirements.

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN DAAA09-03-R-0035 MOD/AMD	Page 16 of 40
---------------------------	---	----------------------

Name of Offeror or Contractor:

(2) Repair - The reprocessing of nonconforming material in accordance with approved written procedures and operations to reduce, but not completely eliminate, the nonconformance. The purpose of repair is to bring nonconforming material into a usable condition. Repair is distinguished from rework in that the item after repair still does not completely conform to all of the applicable drawings, specifications or contract requirements.

b. Rework procedures along with the associated inspection procedures shall be documented by the Contractor and submitted to the Government Quality Assurance Representative (QAR) for review prior to implementation. Rework procedures are subject to the QAR's disapproval.

c. Repair procedures shall be documented by the Contractor and submitted on a Request for Deviation/Waiver, DD Form 1694, to the Contracting Officer for review and written approval prior to implementation.

d. Whenever the Contractor submits a repair or rework procedure for Government review, the submission shall also include a description of the cause for the nonconformances and a description of the action taken or to be taken to prevent recurrence.

e. The rework or repair procedure shall also contain a provision for reinspection which will take precedence over the Technical Data Package requirements and shall, in addition, provide the Government assurance that the reworked or repaired items have met reprocessing requirements.

(End of Clause)

(ES7012)

E-8	52.246-4532 OSC	DESTRUCTIVE TESTING	MAY/1994
-----	--------------------	---------------------	----------

a. All costs for destructive testing by the Contractor and items destroyed by the Government are considered as being included in the contract unit price.

b. Where destructive testing of items or components thereof is required by contract or specification, the number of items or components required to be destructively tested, whether destructively tested or not, shall be in addition to the quantity to the delivered to the Government as set forth in the Contract Schedule.

c. All pieces of the complete First Article shall be considered as destructively tested items unless specifically exempted by other provisions of this contract.

d. The Contractor shall not reuse any components from items used in a destructive test during First Article, lot acceptance or inprocess testing, unless specifically authorized by the Contracting Officer.

e. The Government reserves the right to take title to all or any items or components described above. The Government may take title to all or any items or components upon notice to the Contractor. The items or components of items to which the Government takes title shall be shipped in accordance with the Contracting Officer's instructions. Those items and components to which the Government does not obtain title shall be rendered inoperable and disposed of as scrap by the Contractor.

(a) In addition to the requirements set forth under General Provision, "Loading, Blocking and Bracing of Freight car Shipments," rail shipments will be loaded, blocked and braced in accordance with rules and methods contained in the current editions of Uniform Freight Classification, Association of American Railroads Pamphlet No. 14, Circular 42G and Rules Governing Loading of Commodities on Open Top Cars, as applicable. The Uniform Freight Classification may be procured from the regulatory classification agent covering territory from which shipment will be made or the Association of American Railroads, 1920 L Street, Washington, D.C. 20036. General information applicable to rail loading, blocking and bracing of the item may be secured from the Contracting Officer or the Defense Contract Management Command (DCMC).

(b) Truck shipments will be loaded, blocked and braced in accordance with rules and methods contained in the current editions of National Motor Freight Classification and American Trucking Association, Inc., as applicable and effective at the time of shipment. These publications may be procured from the American Trucking Association, Inc., Tariff Order Section, 1616 P Str., Washington, D.C. 20036. General information applicable to motor loading, blocking and bracing of this item may be secured from the Contracting Officer or the DCMC.

(c) TOFC "Piggyback" shipments will be loaded, blocked and braced in accordance with AAR Circular No. 43: copies may be obtained from addresses given in para (a) above. "General information applicable to blocking and bracing for TOFC shipments may be obtained from the Contracting Officer or the DCMC.

(d) Except as the carrier(s) may be liable, the contractor shall be liable to the Government for any loss or damage resulting from improper loading and/or furnishing and installing dunnage material by the contractor for shipments to be made under this contract.

H-6	245.7310-1	DEMILITARIZATION	JUL/1996
	DFARS		

When demilitarization of property is required, whther on or off contractor or Government premises, the invitation must include the following clause:

(a) DEMILITARIZATION.

Item(s) -1- require demilitarization by the Purchaser in the manner and to the degree set forth below:

(1) For property located in the United States insert item number(s) and specific demilitarization requirements for item(s) shown in Attachment 1, Part 2 of Defense, Demilitarization Manual;

(2) For property located outside the United States, insert item number(s) and specific demilitarization requirements for item(s) shown in Attachment 1, Part 3 of DoD 4160.21-M-1, Defense Demilitarization Manual.

(b) DEMILITARIZATION ON GOVERNMENT PREMISES. Property requiring demilitarization shall not be removed, and title shall not pass to the Purchaser, until demilitarization has been completed and approved by an authorized Contractor and Government representative. Demilitarization will be accomplished as specified in the contract. Components parts vital to the military or lethal purpose of the property shall be rendered unusable. The Purchaser agrees to assume all cost incident to the demilitarization and to restore the working area to its present condition after removing the demilitarized property.

(c) DEMILITARIZATION ON NON-GOVERNMENT PREMISES. Property requiring demilitarization shall be demilitarized by the Purchaser under supervision of qualified Department of Defense personnel. Title shall not pass to the Purchaser until demilitarization has been completed by the Purchaser and approved by an authorized Contractor and Government representative. Demilitarization will be accomplished as specified in the contract. Component parts vital to the military or lethal purpose of the property shall be rendered unusable. The Purchaser agrees to assume all costs incident to the demilitarization.

(d) FAILURE TO DEMILITARIZE. If the Purchaser fails to demilitarize the property as specified in the contract, the Contractor may, upon giving ten days written notice from date of mailing to the Purchaser --

(1) Repossess, demilitarize, and return the property to the Purchaser. The Purchaser hereby agrees to pay to the Contract, prior to the return of the property, all costs incurred by the Contractor in repossessing, demilitarizing, and returning the property to the Purchaser.

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN DAAA09-03-R-0035 MOD/AMD	Page 21 of 40
Name of Offeror or Contractor:		

(2) Repossess, demilitarize, and resell the property, and charge the defaulting Purchaser with all excess costs incurred by the Contractor. The Contractor shall deduct these costs from the purchase price and refund the balance of the purchase price, if any, to the Purchaser. In the event the excess costs exceed the purchase price, the defaulting Purchaser hereby agrees to pay theses excess costs to the Contractor.

(3) Repossess and resell the property under similar terms and conditions. In the event this option is exercised, the Contractor shall charge the defaulting Purchaser with all excess costs incurred by the Contractor. The Contractor shall deduct these excess costs from the original purchase price and refund the balance of the p;urchase price, if any, to the defaulting Purchaser. Should the excess costs to the Contract exceed the purchase price, the defaulting Purchaser hereby agrees to pay these excess costs to the Contractor.

I-63	52.217-6	EVALUATED OPTION FOR INCREASED QUANTITY	MAR/1989

a. This solicitation includes an evaluated option (See Section M).

b. The Government reserves the right to increase the quantity of item(s) 76mm Projectile Bodies by a quantity of up to and including but not exceeding 150 percent as an evaluated option at the price(s) quoted below.

c. If the Contractor does not quote a price hereunder, the lowest price offered/bid in the Schedule for item(s) CLIN 0001AB shall be the price used for evaluation/award of any option quantities. All evaluation factors identified in the solicitation, except F.O.B. origin transportation costs, will be applied to the option quantity for evaluation purposes.

d. The Contracting Officer may exercise the evaluated option at any time preceding delivery of 80% of the basic contract quantity by giving written notice to the Contractor.

e. Delivery of the items added by exercise of this option shall continue immediately after, and at the same rate as delivery of like items called for under the contract, unless the parties agree otherwise.

f. Subject to the limitations contained in this clause, the Government may exercise this option on one or more occasions.

g. Offered Unit Prices for the Option Quantities are:

	<u>Unit Price</u>
Evaluated Option (F.O.B. Destination)	\$_____ CLIN 0001AB

Varying prices may be offered for the option quantities actually ordered and the dates when ordered. In as much as the unit price for the basic quantity may contain starting, load, testing, tooling, transportation or other costs not applicable to option quantities, offerors are requested to take these factors into consideration while setting forth the unit price(s) for the option quantities. The option price is expected (but not required) to be lower than the unit price for the initial quantity.

I-68	252.211-7005	SUBSTITUTIONS FOR MILITARY OR FEDERAL SPECIFICATIONS AND STANDARDS	MAR/1999
------	--------------	--	----------

DFARS

(a) Definition. "SPI process," as used in this clause, means a management or manufacturing process that has been accepted previously by the Department of Defense under the Single Process Initiative (SPI) for use in lieu of a specific military or Federal specification or standard at specific facilities. Under SPI, these processes are reviewed and accepted by a Management Council, which includes representatives from the Defense Contract Management Command, the Defense Contract Audit Agency, and the military departments.

(b) Offerors are encouraged to propose SPI processes in lieu of military or Federal specifications and standards cited in the solicitation. A listing of SPI processes accepted at specific facilities is available via the Internet in PDF format at <http://www.dcmc.hq.dla.mil/spi/dbreport/modified.pdf> and in Excel format at <http://www.dcmc.hq.dla.mil/spi/dbreport/modified.xls>.

(c) An offeror proposing to use an SPI Process in lieu of military or Federal specifications or standards cited in the solicitation shall--

- (1) Identify the specific military or Federal specification or standard for which the SPI process has been accepted,
- (2) Identify each facility at which the offeror proposes to use the specific SPI process in lieu of military or Federal specifications or standards cited in the solicitation;
- (3) Identify the contract line items, subline items, components, or elements affected by the SPI process; and
- (4) If the proposed SPI process has been accepted at the facility at which it is proposed for use \, but is not yet listed at the Internet site specified in paragraph (b) of this clause, submit documentation of Department of Defense acceptance of the SPI process.

(d) Absent a determination that an SPI process is not acceptable for this procurement, the Contractor shall use the following SPI processes in lieu of military or Federal specifications and standards:

(Offeror insert information for each SPI process)

SPI Process: _____

Facility: _____

Name of Offeror or Contractor:

Military or Federal
Specification or Standard: _____

Affected Contract Line Item Number, Subline Item Number, Component, or Element: _____

(e) If a prospective offeror wishes to obtain, prior to the time specified for receipt of offers, verification that an SPI process is an acceptable replacement for military or Federal specifications or standards required by the solicitation, the prospective offeror--

(1) May submit the information required by paragraph (d) of this clause to the Contracting Officer prior to submission of an offer; but

(2) Must submit the information to the contracting Officer at least 10 working days prior to the date specified for receipt of offers.

	OSC		

AUTHORITY OF GOVERNMENT REPRESENTATIVE
52.201-4500 OSC (FEB 1993)

The Contractor is advised that contract changes, such as engineering changes, will be authorized only by the Contracting Officer or his representative in accordance with the terms of the contract. No other Government representative, whether in the act of technical supervision or administration, is authorized to make any commitment to the Contractor or to instruct the Contractor to perform or terminate any work, or to incur any obligation. Project Engineers, Technical Supervisors and other groups are not authorized to make or otherwise direct changes which in any way affect the contractual relationship of the Government and the Contractor.

Name of Offeror or Contractor:

SECTION L - INSTRUCTIONS, CONDITIONS, AND NOTICES TO OFFERORS
INSTRUCTIONS AND CONDITIONS FOR SUBMISSION OF PROPOSALS

A. SUBMISSIONS OF PROPOSALS:

1. THE PROPOSAL SHALL CONSIST OF THE FOLLOWING:

- a. One executed and completed copy of the solicitation
- b. Manufacturing Plan Volume (Total 3 copies)
- c. Past Performance Volume (Total 3 copies)
- d. Small Business Utilization Plan (Total 2 copies)

2. The complete proposal, including all copies of the Manufacturing Plan, Past Performance and Small Business Utilization volumes along with an executed copy of this solicitation shall be forwarded to the following address:

U. S. Army Joint Munitions Command
Contracting Directorate
ATTN: AMSJM-CCA-M/Gail Thompson
Bldg 350, 6th floor, Pole E10
1 Rock Island Arsenal
Rock Island, IL 61299-6000

B. PREPARATION INSTRUCTIONS FOR MANUFACTURING PLAN, PAST PERFORMANCE AND SMALL BUSINESS UTILIZATION:

1. Format: The offeror's Manufacturing Plan, Past Performance and Small Business volumes shall be submitted in severable parts. Information you may want us to consider, SPECIFIC to each volume SHALL BE CONFINED TO THAT VOLUME. Offerors are cautioned that failure to include the requested information in the applicable volume may result in the information not being considered and the proposal being downgraded accordingly. Each volume will be treated independently.

- VOLUME I MANUFACTURING PLAN
- VOLUME II PAST PERFORMANCE
- VOLUME III SMALL BUSINESS UTILIZATION

2. Each volume shall be consistent with complete submission. Offerors are cautioned that incorporated by reference is NOT allowed. Page size shall not exceed 8 1/2 x 11 inches, foldout pages may be used.

3. Deviations: The offeror shall prepare its proposal following the format specified in this section.

C. SPECIFIC INSTRUCTIONS BY VOLUME: In order for an offeror's proposal to be acceptable it must reflect a complete understanding of the RFP and demonstrate the technical capability to perform the overall effort in accordance with the delivery schedule and technical data package. An index shall be included with narrative title cross-referenced to the applicable paragraphs of this section. Discussions text shall be identified by the same title. The offeror shall submit a Manufacturing Plan, Past Performance and Small Business Utilization proposal addressing the elements listed below:

- (1) MANUFACTURING PLAN - FACTOR
 - a. Essential Processes and Procedures - Subfactor
 - b. Essential Skills - Subfactor
 - c. Quality System - Subfactor
- (2) PAST PERFORMANCE - FACTOR
 - a. On-Time Delivery - Subfactor
 - b. Quality - Subfactor

(3) PRICE - FACTOR

(4) SMALL BUSINESS UTILIZATION PLAN - FACTOR

BASIS FOR AWARD:

a. A best value, competitive, firm fixed price contract is contemplated for award. There will be a 150% evaluated option included in this award. The solicitation will be restricted to U.S./Canadian sources.

b. Award will be made to the offeror whose manufacturing plan, recent and relevant past performance, price and small business

<p style="text-align: center;">CONTINUATION SHEET</p>	<p style="text-align: center;">Reference No. of Document Being Continued</p> <p style="text-align: center;">PIIN/SIIN DAAA09-03-R-0035 MOD/AMD</p>	<p style="text-align: center;">Page 33 of 40</p>
--	--	---

Name of Offeror or Contractor:

utilization plan provides the best value to the government. "Recent" is defined as three years prior to the solicitation's initial closing date. "Relevant" is defined as the same or similar items. The Government reserves the right to consider information regarding contractor performance up to the date of award. "Same or similar" are defined as items that have been produced utilizing the similar manufacturing processes, essential skills and unique techniques needed to produce the 76mm Projectile Body. Offerors shall provide a brief narrative explanation of how/why they believe the items are similar.

The Government reserves the right to determine whether an item is the same or similar.

For the purpose of this acquisition, offeror is defined as prime contractor and subcontractors.

INFORMATION TO BE SUBMITTED:

(1) MANUFACTURING PLAN - FACTOR:

a. ESSENTIAL PROCESS AND PROCEDURES - Subfactor: The plan must describe a manufacturing plan, which will ensure that the 76mm Projectile Body will be manufactured in accordance with the applicable technical data and must include a complete description of facilities, equipment, capacity and processes to be utilized. The plan shall include data to verify that the manufacturing facility needs of the program will not be adversely impacted by the needs of existing or projected programs and equipment. The offeror shall demonstrate that he has the following in place to perform operations as follows: either rotary or induction furnaces to heat mults for forging, long stroke high tonnage, backward extrusion hydraulic mechanical forging presses. They must show they have high volume oil quench heat treat, anneal capability and nosing press capability. Extensive machining (2 or 4-axis CNC equipment) for both rough turn and finish turn operations are required. The producer must have both destructive and non-destructive testing capability. The facility must have band pressing equipment capability. In addition, a complete tooling capability must be present to maintain production.

b. ESSENTIAL SKILLS - Subfactor: The plan shall address the essential skills, knowledge, and availability of the offeror's labor force to include management, quality, engineering and production. Data shall include specific skills required and the recruitment plan to fill any vacant positions. The plan shall provide an organization chart for the performance of the contract including the relationship and interface of the offeror's various organizational elements, including government and subcontractors.

c. QUALITY SYSTEM - Subfactor: The offeror will submit a copy of their General Quality Manual. The manual will demonstrate that the offeror's quality system meets the requirements of ANSI/ASQ Q9002 - 1994, Q9001 - 2000, or an equivalent quality standard acceptable to the government. Evidence of quality awards and/or quality certifications should be submitted for consideration. THE offeror shall also provide information relative to preventive action initiatives being implemented as part of their overall quality system.

(2) PAST PERFORMANCE - FACTOR:

a. ON-TIME DELIVERY - Subfactor: The offeror must provide information regarding his recent and relevant past performance in the areas of timeliness of deliveries. For verification purposes, offeror should furnish a point of contact/name, phone number, contract number, item description and dollar value of recent, relevant contracts. The original delivery schedule will be compared to the actual delivery schedule to determine whether deliveries were made on time and whether there were any slippages. If so, include the reasons for those slippages, and whether a revised delivery schedule was incorporated. Other sources, available to the Government other than those listed in the contractor's proposal may be used to gather and evaluate subfactors. For example, the government may use data gathered via the PPIMS system, pre-award offices at other major supporting commands, past customers, and previous contracting officials. In addition, the government has the right to consider information regarding contractor performance up to the date of award.

b. QUALITY - Subfactor: The offeror shall provide information regarding recent, relevant records in the area of quality assurance. The offeror will be required to disclose information about previous Request for Waivers (RFWs), Quality Deficiency Reports (QDRs), First Article Test (FAT) failures, Lot Acceptance Test (LAT) failures, and any other product quality or quality program related problems. When such quality problems have been experienced, the offeror will submit information explaining the corrective/preventive actions taken to resolve these quality problems and to improve their process to prevent their reoccurrence. Offeror's submissions will be clear and concise when describing the deficiency, corrective/preventive action(s) taken nd effectiveness of these action(s).

(3) PRICE - FACTOR: The offeror will submit a firm fixed price in Schedule B of the solicitation. Also, the offeror may submit a price for the evaluated option in Section I of the solicitation. If the offeror does not quote an option price, the lowest price offered/bid in the schedule for item 001 shall be the price used for evaluation/award of any option quantities. If applicable, the offeror will submit information regarding Section M, Clause M-2 OSC 52.245-4519 entitled "Evaluation Procedures for Use of Government-Owned Production and Research Property" and lists of government property that the contractor will be utilizing.

(4) SMALL BUSINESS UTILIZATION - FACTOR:

a. All offerors (small, large and foreign) are required to identify the extent to which the following small businesses and educational institutions will be utilized in the contract.

(i) Small Businesses (SBs), Veteran-Owned Small Business (VOSB), Service Disabled Veteran-Owned Small Business (SDVOSB), Small Disadvantaged Businesses (SDBs), Women-Owned Small Business 9WOSBs), Historically Underutilized Business Zone (HUBZone) Small

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN DAAA09-03-R-0035 MOD/AMD	Page 34 of 40
---------------------------	--	----------------------

Name of Offeror or Contractor:

Businesses, hereinafter all referred to as SB; and

(ii) Historically Black Colleges, Universities and Minority Institutions (HBCU/MI's).

b. For Small Businesses, as identified by the size standard for North American Industry Classification System (NAICS) Code applicable to this solicitation, the offeror's own participation as a SB or HBCU/MI is to be identified and will be considered in evaluating small business utilization.

c. Small Business Utilization:

(i) The offeror is to provide names, products/services and estimated dollar value and type of SB and HBCU/MI's who would participate in the proposed contract in the format below:

SB TYPE	ESTIMATED \$ VALUE	PRODUCT/SERVICE	COMPANY NAME
TOTAL SB \$			

(ii) Large business offerors, where FAR 52.219-9 applies, shall identify the total subcontracting dollars.

(iii) Realism - All offerors are to provide a detailed description of their methods used to promote and utilize small business, as prescribed by FAR 52,219-8, in contracts within three years prior to the initial solicitation closing date for the same or similar items:

(A) A description and available documentation of the methods employed to promote small business utilization, and;

(B) A description of the internal methods used to monitor small business utilization.

(C) Large business offerors shall document their performance, using information prescribed by FAR 52.219-9 "Small Business Subcontracting Plan", in contracts within three years prior to the initial solicitation closing date, for the same or similar items.

This documentation shall include their actual performance in utilizing SB and HBCU/MI contractors. The documentation shall include the final or most recent SF 294 for each relevant contract. If the large business proposed substantially different small business utilization than experienced on similar work in the past, they must explain how they will accomplish that higher/lower proposed level. Large businesses that have not had a contract in the past three years incorporating FAR clause 52.219-9, shall so state.

*** END OF NARRATIVE L 001 ***

For Local Clauses See: <http://www.osc.army.mil/ac/aais/ioc/clauses/index.htm>

The following Federal Acquisition Regulation (FAR), DoD FAR Supplement clauses and provisions, the full text of which will be made available upon request, are incorporated herein by reference with the same force and effect as if set forth in full text.

The text of the clauses incorporated by reference herein are available from the contract specialist indicated in block 7 of the Standard Form 33 or (as applicable) the contracting officer and will be furnished upon request. Other documents are available as indicated in the schedule.

Any company/individual wishing to purchase a copy of the Federal Acquisition Regulation (FAR), the Army FAR Supplement or the DOD FAR Supplement, may do so from the Superintendent of Documents, US Government Printing Office, Washington DC 20402.

---------------------------	---	----------------------

Name of Offeror or Contractor:

obtain an electronic copy of the award, you must be registered in the EDA system. Guidance/instructions for registration can be obtained at the above website.

2. Notice of award to the contractor receiving the award will be issued only via electronic mail. Vendors who wish to be notified if they receive an award as a result of this solicitation must provide their electronic mail address in the space provided below. If the vendor fails to provide an electronic mail address, then a separate notice of award will not be provided and it shall be the sole responsibility of the vendor to periodically check the Federal Business Opportunities (FedBizOpps) - FBO Synopsis/Award Search website <http://www.fedbizopps.gov>/or the Army Single Face to industry (ASFI)/Procurement Notifications website <http://acquisition.army.mil> to determine if he/she has received an award. In this event, the vendor's failure to check FEDBIZOPPS or the ASFI in a timely manner shall not be an excuse for failure to perform or grounds for a delivery schedule extension.

3. Notice of award to unsuccessful offerors shall be issued only via electronic mail from the Contracting Office or via the FedBizOpps/Vendor Notification feature. Vendors who wish to receive an electronic mail notice if they are unsuccessful must provide an electronic mail address in the space provided below. If the vendor fails to provide an electronic mail address, then a separate notice will not be provided, and it shall be the sole responsibility of the vendor to periodically check the ASFI/Procurement Notifications or the FedBizOpps/Award Notification to determine if an award has been made. In this event, the vendor's failure to check these sites to determine if an award has been made shall not constitute grounds for an extension of any protest period allowed by regulation.

Name of Offeror or Contractor:

SECTION M - EVALUATION FACTORS FOR AWARD

EVALUATION FACTORS FOR AWARD, BASIS FOR AWARD, FACTORS AND SUBFACTORS TO BE EVALUATED, EVALUATION APPROACH:

EVALUATION FACTORS RATING:

MANUFACTURING PLAN IS SIGNIFICANTLY MORE IMPORTANT THAN PAST PERFORMANCE AND PRICE. PAST PERFORMANCE AND PRICE ARE APPROXIMATELY EQUAL, SMALL BUSINESS UTILIZATION IS LEAST IMPORTANT. THE SUBFACTORS UNDER EACH FACTOR ARE LISTED IN DESCENDING ORDER OF IMPORTANCE.

NOTICE TO OFFERORS:

Only volumes relative to their expertise will be reviewed by the evaluation team. The evaluation team may determine that an on-site visit to the facilities of the offerors who have been determined to be in the competitive range may be necessary for clarification purposes. The information obtained during an on-site visit will be used to clarify the offeror in the Manufacturing Plan area.

EVALUATION PLAN:

Each offeror will be evaluated against the solicitation criteria. Manufacturing Plan possible ratings are Poor/High Proposal Risk, Adequate/Moderate Proposal Risk, Excellent/Low Proposal Risk. Past Performance ratings may be Poor/High Performance Risk, Adequate/Moderate Performance Risk, Excellent/Low Performance Risk or Unknown. Small Business Utilization evaluator will use Marginal/High Performance Risk, Adequate/Moderate Performance Risk, Good/Low Performance Risk, or Excellent/Very Low Performance Risk. Price will be evaluated as described herein. The Procuring Contracting Officer reserves the right to contact offerors for clarification, without opening discussions.

EVALUATION CRITERIA IS DIVIDED INTO FOUR AREAS: MANUFACTURING PLAN, PAST PERFORMANCE, PRICE AND SMALL BUSINESS UTILIZATION:

(1) MANUFACTURING PLAN - FACTOR: Each offeror will be rated on his technical know-how, equipment and personnel required to manufacture the 76mm Projectile Body in accordance with the solicitation, Technical Data Package (TDP) and delivery schedule. This determination can be obtained through a written statement by the offeror and, if deemed necessary, an on-site visit of the offeror's facilities. All required certifications and standards must be identified. Other (non-required) certifications, abilities, and capabilities, which would enhance the manufacturing plan of the offeror to complete the 76mm Projectile Body may be addressed under a separate section of the written report.

(a) ESSENTIAL PROCESS AND PROCEDURES - SUBFACTOR: The offeror will be evaluated on the adequacy of the existing equipment and facilities. The offeror must demonstrate that he has the equipment necessary to manufacture according to the TDP requirements. Data must show that other programs currently in house or scheduled for the future will not affect the production of the 76mm Projectile Body. If shortfalls of manufacturing equipment and/or facilities exists, the remedy will be evaluated. Evaluators will consider/review the following:

- (1) Forging (Presses and Furnaces)
- (2) Non-destructive test equipment
- (3) Heat treatment
- (4) Nosing
- (5) Band Press
- (6) Machining

(b) ESSENTIAL SKILLS - SUBFACTOR: The offeror will be evaluated on the capability of personnel to be used to perform the essential processes and procedures required to meet the delivery schedule. The information should provide a sense of the offeror's ability to interface within his organization, the government and his subcontractors. Evaluation will be made on the recruitment plan for any vacant positions of essential skills. Evaluators will consider/review the following:

- (1) Forging Operator
- (2) Engineering and QA
- (3) Heat Treat Operator/Metallurgist
- (4) Machine Operators

Evaluation will be based on number and type of personnel, experience, and integration of the workforce.

(c) QUALITY SYSTEM - SUBFACTOR: Does the offeror's General Quality Manual meet the requirements of ANSI/ASQ Q9002-1994, Q9001-2000, or an equivalent quality standard acceptable to the government? Has the offeror implemented preventive action initiative as part of their overall quality system?

(2) PAST PERFORMANCE - FACTOR:

(a) ON-TIME DELIVERY - SUBFACTOR: The offeror will be evaluated as to his ability to meet the required delivery schedule based on the performance against past and current contracts. Reasons for past slippages will also be evaluated.

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN DAAA09-03-R-0035 MOD/AMD	Page 38 of 40
Name of Offeror or Contractor:		

(b) **QUALITY - SUBFACTOR:** The offeror will be evaluated on the probability of success on this contract based on their recent and relevant past quality performance, with consideration of the following:

- Number of significance of QDRs that were the fault of the offeror
- Number of repetitive RFWs
- Is there objective evidence that the offeror's quality system identifies adverse trends/deficiencies and supports actions to correct/prevent adverse trends/deficiencies?
- Did the offeror's response to QDRs, RFWs, FAT/LAT failures and other product quality or quality program problems provide the following: root cause analysis of the deficiency; immediate action(s) taken to correct deficiency; including repair/rework if product related, and action(s) taken to prevent recurrence; follow-up to determine effectiveness of corrective/preventative action(s); determination by offeror if deficiency was isolated problem or system related.

(3) PRICE - FACTOR: Price will be evaluated in accordance with price related factors stated in the solicitation. The Federal Acquisition Regulations (FAR) require that contracts only be awarded at prices that are fair and reasonable. All evaluation criteria, (Total basic quantity times unit price, option quantity times unit price added to the GFE rental factor, if applicable) will be applied to determine total evaluated price.

(4) SMALL BUSINESS UTILIZATION PLAN - FACTOR:

- (a) The government will evaluate all offerors (small, large and foreign) proposed utilization of:
 - Small Business (SB)
 - Small Disadvantaged Business (SDB)
 - Women-Owned Small Business (WOSB)
 - Veteran-Owned Small Business (VOSB)
 - Service Disabled Veteran-Owned Small Business (SDVOSB)
 - Historically Underutilized Business Zone Small Business (HUBZone) hereinafter all referred to as SB; and
 - Historically Black Colleges and Universities/Minority Institutions (HBCU/MI)
- (b) For Small Businesses, as identified by the size standard for North American Industry Classification Systems (NAICS) applicable to this solicitation, the offeror's own participation as a SB or HUBCU/MI is to be identified and will be considered in evaluating small business utilization.
- (c) The Government will evaluate the extent to which an offeror identifies and commits to utilizing SB and HBCU/MI in the performance of the proposed contract as well as how well it has performed in this regard in the past. Such utilization may be as the contractor, subcontractor, or as a member of a joint venture or teaming agreement. The evaluated elements are:
 - (i) Complexity of specific products or services that will be provided by those SB's and HBCU/MI's.
 - (ii) Estimated total dollar amount to Small Businesses, as well as in each of the Small Business categories and HBCU/MI's.
 - (iii) Realism - The government will evaluate the offeror's actual performance in achieving the proposal small business utilization on previous similar contracts to assess the realism of proposed small business utilization. The evaluation will include an assessment of:
 - (A) The offeror's performance in contracts within three years prior to the initial solicitation closing data, for the same or similar items, as prescribed by the Federal acquisitions Regulation (FAR) clause 52.219-8, "Utilization of Small Business Concerns". SB's and HBCU/MI's are reminded to include their own performance on their contracts.
 - (B) For large business offerors, their performance in contracts within three years prior to the initial solicitation closing date, for the same or similar items as prescribed by FAR 52.219-9, "Small Business Subcontracting Plan". This includes evaluation of the offeror's actual performance in meeting the SB and HBCU/MI subcontracting goals. Large business that have not held a contract in the past three years that included FAR 32.219-9, will be evaluated against FAR 52.219-8 only.
 - (C) Offerors without a record of past performance will not be considered favorably or unfavorably in developing a realism assessment. The fact that the offeror has no past performance will be noted for the Source Selection Authority.

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN DAAA09-03-R-0035 MOD/AMD	Page 39 of 40

The following Federal Acquisition Regulation (FAR), DoD FAR Supplement clauses and provisions, the full text of which will be made available upon request, are incorporated herein by reference with the same force and effect as if set forth in full text.

The text of the clauses incorporated by reference herein are available from the contract specialist indicated in block 7 of the Standard Form 33 or (as applicable) the contracting officer and will be furnished upon request. Other documents are available as indicated in the schedule.

Any company/individual wishing to purchase a copy of the Federal Acquisition Regulation (FAR), the Army FAR Supplement or the DOD FAR Supplement, may do so from the Superintendent of Documents, US Government Printing Office, Washington DC 20402.

MA7001

	<u>Regulatory Cite</u>	<u>Title</u>	<u>Date</u>
M-1	52.217-5	EVALUATION OF OPTIONS	JUL/1990
M-2	52.247-50	NO EVALUATION OF TRANSPORTATION COSTS	APR/1984
M-3	52.245-4519 OSC	EVALUATION PROCEDURES FOR USE OF GOVERNMENT-OWNED PRODUCTION AND RESEARCH PROPERTY	AUG/1993

(a) In accordance with FAR 45.201(a), the Government shall, to the maximum extent practical eliminate the competitive advantage accruing to a contractor possessing Government production and research property.

(b) If the offeror plans to use any item of Government production and research property in possession of the offeror or his proposed subcontractors under a facilities contract or other agreement with the Government independent of this solicitation, the offeror shall so indicate by checking the applicable box(es) below and by identifying such facilities contract or other agreement under which the property is held.

☐ Offer is predicated on use of Government property in offeror's possession.

☐ Offer is predicated on use of Government property in offeror's proposed subcontracts of vendors.

Identification of facilities contract or other agreement under which such property is held!

Type of Contract or Agreement: _____

Number and Date: _____

Cognizant Government Agency (including address): _____

(c) Offeror is required to submit with his offer:

(1) The written permission of the Contracting Officer having cognizance over the property for use of that property, and whether such use will be on a rental or rent-free basis.

(2) A list or description of all Government production and research property which the offeror or his anticipated subcontractors propose to use on a rent-free basis. AMCCOM Form 71-R or equivalent will be used.

(d) To eliminate the competitive advantage an evaluation factor shall be added to each offer which is predicated on the use of the above detailed existing Government production and research property.

(e) For rent-free use of Government-owned production and research property, such use shall be evaluated by adding to the price of the item(s) at the rates set forth in FAR 52.245-9 for each month of the proposed production period. Where both rental use and rent-free use will occur during the same production period, the rent and the evaluation in lieu of rent-free use will be computed in accordance with the formula for proration set forth in the Use and Charges clause, FAR 52.245-9.

(f) The months that will be used for the purpose of the evaluation will be the period computed in months set forth by the offeror: _____ months (this period shall include the first, last, and all intervening months). The Contractor will be liable to pay rent for use of any Government-owned property which exceeds the time specified in this clause. If the bidder/offeror fails to specify the number of months in the blank provided, the delivery schedule will be used to determine the number of months of rent free use required through the month scheduled for final delivery.

(g) The Government shall compute the use-evaluation factor, per-unit-procured, in accordance with the following formula:

TxRxPxS = C
Q

T: Total acquisition cost of facilities (including, if paid by the Government, cost of transportation and installation as well as any cost expended to enhance the condition of the machine).

R: Rental rate.

P: Production period (months).

Q: Quantity of items to be procured.

S: Pro rata share, if applicable.

C: Evaluation factor to be added to unit price.

(h) This evaluation procedure shall not be applicable to any item or items of Government property held by the offeror under a valid lease or rental arrangement with the Government wherein the offeror is granted right of usage of such property and must pay a rental thereon for the entire leasehold/rental period irrespective of actual usage.

(i) If Government production and research property is being used on other work under one or more existing contracts for which use has been authorized, the evaluation factor shall be determined by prorating the rent between the proposed contract and such other work. The pro-rata share applicable to a proposed contract shall be determined by multiplying the full rental charge for use of Government production and research property for the period for which rent-free use is requested by a fraction, the numerator of which is the amount of use of such property requested by the contractor under this proposed contract and the denominator of which is the sum of the previous authorized use of the property by the contractor for the period and the use requested under the proposed contract. The Contractor must indicate in it's bid offer if a pro-rata share is applicable for this procurement.

(j) Special considerations relating to use of Government-owned facilities and special tooling by subcontractors.

(1) Evaluation factors applied to prime contractor's offers will be the same for both proposed prime contractor's and subcontractor's use of Government-owned property, including evaluation rates and production period.

(2) In the event that any prospective subcontractor desiring use of Government property pursuant to this provision refuses to quote a price to any prospective prime contractor or refuses to quote on an equal basis to all prospective prime contractors, the Government reserves the right to:

(i) Refuse to authorize the subcontractors use of such property, or;

(ii) Evaluate 100% of the acquisition cost (including cost of transportation, and installation, and enhancement paid by the Government) of such property against the offer of the prime contractor proposing to use such subcontractor.

(End of provision)

(MS7005)
